Product Description

Product Description:

Scaffolding Ladders are designed to provide a safe, durable, and reliable solution for your working at height and mounting needs. Our scaffolding ladders are constructed with a load-bearing ladder with hook, providing a secure and stable platform for workers. With a step height of 30cm and a load capacity of 150kg, these ladders are designed for heavy-duty industrial use. The ladders are constructed with HDG (Hot-Dip Galvanized) and Aluminum materials, making them corrosion-resistant and long-lasting. With a 2-year warranty, you can be sure that your Scaffolding Ladders will provide you with reliable service for years to come.

Applications:

bythai BM224 Scaffolding Ladders
