Product Description

Silver Scaffolding Ladders With 150kg Load Capacity For Versatile Construction

Product Description:

Scaffolding Ladders: Product Overview

Scaffolding Portable Ladders are the perfect choice for anyone who needs to work at elevated heights. Made from durable and lightweight materials, these ladders provide safety, stability, and convenience for all your construction and maintenance needs. With its versatile and compact design, Scaffolding Ladders offer the ideal solution for any job that requires reaching high places.
Key Features

Material: Our Scaffolding Ladders are made from high-quality aluminum or galvanized steel, ensuring durability and long-lasting performance.

Step Width: The ladders come with a 50cm wide step, providing ample space for comfortable and safe climbing.

Size: Our Scaffolding Ladders are available in 3m height, making it suitable for a wide range of tasks.

Load Capacity: With a load capacity of 150kg, our ladders can easily support heavy-duty tasks.

Safety and Durability

Scaffolding Ladders are designed to meet the highest safety standards. With its stable and sturdy construction, it ensures a safe working environment for users. The rust-proof material ensures long-term durability, making it a reliable choice for all your elevated work needs. The adjustable height feature allows you to customize the ladder according to your specific requirements, providing added safety and stability.
Convenience and Versatility

Scaffolding Ladders offer the ultimate convenience for all your elevated work needs. Its lightweight and compact design make it easy to transport and store, making it suitable for any job site. Its multifunctional design allows it to be used for various tasks, such as painting, maintenance, and construction work. Its easy-to-use mechanism and adjustable height make it a versatile choice for any project.
2-Year Warranty

We stand behind the quality of our products, which is why we offer a 2-year warranty for our Scaffolding Ladders. This warranty ensures that our customers can rely on our product for their elevated work needs, providing peace of mind and satisfaction.
Invest in Scaffolding Ladders, and experience the perfect blend of safety, durability, and convenience for all your elevated work needs. Order now and take your work to new heights!

Product Attributes

Brand Name: bythai
Model Number: BM224
Place of Origin: China, Tianjin
Minimum Order Quantity: 1000
Packaging Details: Container
Delivery Time: 10-25 days
Step Height: 30cm
Warranty: 2 years
Surface Treatment: HDG (Hot Dip Galvanized)
Load Capacity: 150kg
Material: Aluminum/HDG
Application Scenarios

Our Scaffolding Ladders bythai BM224 can be used in a wide range of construction projects, such as:

Building construction

Bridge construction

Tunnel construction

Roofing projects

Painting and maintenance work

And more

Our ladders are designed to provide a safe and stable platform for workers to perform their tasks at various heights. They are suitable for both indoor and outdoor use and can withstand different weather conditions.

Product Features

Load-bearing Ladder

Our Scaffolding Ladders bythai BM224 have a load capacity of 150kg, making them suitable for heavy-duty use. They are designed to support the weight of workers and their tools, providing a secure and stable working platform.

Scaffolding Mounting Ladders

Our ladders can be easily mounted onto scaffolding structures, allowing workers to safely and efficiently move up and down the scaffolding as needed. This makes them an essential tool for any scaffolding project.

Safety and Durability

Our Scaffolding Ladders bythai BM224 are designed with safety as the top priority. They are made with high-quality materials and undergo strict quality control measures to ensure their durability and reliability. They are also equipped with safety features such as anti-slip steps and non-slip rubber feet for added stability.

Versatility

Our ladders are designed to be versatile and can be used for a variety of purposes. They can be adjusted to different step heights, making them suitable for different tasks and projects. They are also lightweight and easy to transport, making them ideal for on-the-go use.

Ordering and Delivery

To order our Scaffolding Ladders bythai BM224, please contact us with your minimum order quantity and delivery details. We offer fast and reliable delivery within 10-25 days, ensuring that you receive your ladders in a timely manner.
