400mm Steel Movable Bridge Scaffolding System Material Steel Walking Plank Steel Plank for Scaffolding

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS,ISO
- Model Number: BT205
- Minimum Order Quantity: 1000
- Price: 15.5-85.5
- Packaging Details: In bundles
- Delivery Time: 10-15
- Payment Terms: container, shipping, L/C, T/T

Product Specification

- Packaging: Container
- Material: Steel
- Length: Customized
- Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic
- Place Of Shipment: China
- Usage: Scaffolding
- Highlight: **400mm Bridge Scaffolding System**, **Walking Plank Bridge Scaffolding System**, **Steel Movable Bridge Scaffolding System**

Product Description

Product Description:

Our Scaffolding Planks come in customized lengths to fit your specific needs. They are packaged in containers, ensuring easy and safe transportation to your desired location.
Choose from three surface options: pre-galvanized, hot dip galvanized, or spray plastic. The pre-galvanized option offers excellent rust resistance, while the hot dip galvanized option provides even greater protection against corrosion. The spray plastic option adds an extra layer of protection against wear and tear, making the planks more durable and long-lasting.
The Scaffolding Planks feature a steel frame for decking plank, ensuring maximum strength and stability. They are designed with safety in mind, featuring a non-slip surface to prevent slips and falls. The planks also come with hooks for easy installation and removal, making them quick and easy to set up and take down.
Our Galvanized Steel Plank Catwalk is perfect for use in scaffolding systems. It is made of high-quality steel and has a pre-galvanized surface, providing excellent rust and corrosion resistance. The plank is designed with safety in mind and features a non-slip surface to prevent slips and falls. It also comes with hooks for easy installation and removal, making it quick and easy to set up and take down.
The Steel Plank with Hook is another great option for use in scaffolding systems. It is made of premium-quality steel and is available in various surface options, including pre-galvanized, hot dip galvanized, and spray plastic. The plank features hooks for easy installation and removal, making it quick and easy to set up and take down. It also has a non-slip surface to prevent slips and falls, ensuring maximum safety for workers.

Technical Parameters:

Attribute	Value
Product Name	Pierced Steel Planking / Steel Planks w/Hook / Perforated Steel Plank for Sale
Packaging	Container
Usage	Scaffolding
Place of Shipment	China
Surface	Pre-galvanized / Hot Dip Galvanized / Spray Plastic
Length	Customized
Material	Steel
