Product Description

Features:

Product Name: Scaffolding Plank
Usage: Scaffolding
Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic
Packaging: Container
Length: Customized
Place of shipment: China
Keywords: bs1139 steel plank, steel plank, galvanized steel plank

Technical Parameters:

Product Name	BS1139 Steel Plank
Material	Steel
Length	Customized
Usage	Scaffolding
Packaging	Container
Surface	Pre-galvanized/hot Dip Galvanized/Spray Plastic
Product Type	Steel Plank Ringlock/Steel Planks w/hook
Place of Shipment	China

Applications:

The Bythai BT205 Scaffolding Plank is suitable for use in various applications, such as:
Construction sites
Building maintenance and repair projects
Bridge construction and repair
Industrial and commercial projects
The product is certified by SGS and ISO, ensuring its high quality and reliability. It also meets international safety standards, making it a safe and reliable choice for workers. The minimum order quantity for the product is 1000, and it is priced between $15.5 and $85.5, depending on the surface finish and length of the plank.
The Bythai BT205 Scaffolding Plank comes in customized lengths, which makes it suitable for different types of projects. It is available in pre-galvanized, hot-dip galvanized, and spray plastic surface finishes, providing customers with a wide range of options to choose from. The product is packaged in bundles and is delivered in containers. The delivery time for the product is 10-15 days, and payment terms include container and shipping payments. The product is shipped from China, which is the place of origin.
In summary, the Bythai BT205 Scaffolding Plank is a high-quality product that is suitable for various applications. Its steel plank scaffold design and scaffolding steel walking planks hook make it a safe and reliable choice for workers who are working at heights. With its certifications, customizable length, and surface finishes, it is a versatile and practical choice for any construction or building project.
